

IMPROVING HEARING HEALTH

HOW CAN A CHILD'S HEARING HEALTH BE IMPROVED?

- 1 Start right away! Early treatment is key for children with hearing loss.
- 2 Use early intervention services. For example, health checks, hearing checks and frequent GP reviews.
- 3 Explore sounds with your child.
- 4 Speak up for your child.
- 5 Get your child's hearing checked regularly.
- 6 Minimise transmission of illness, including a cold or flu.
- 7 Increase hand hygiene practices.
- 8 Don't smoke inside the house or close range to your child.
